DETAILED ACTION

Applicant's response filed on 03/27/06 has been acknowledged.

Claims 1-7 are pending and are examined in this office action.

Applicants are required to follow Amendment Practice under revised 37 CFR §1.121. The fax phone numbers for the organization where this application or proceeding is assigned is 571-273-8300.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claim 1 recites the limitation "in this order" in line 3 and line 5, which renders the scope of instant claim indefinite. Changing the current limitation to

A method for modifying a chromosome in a yeast comprising:
preparing a linear chromosome splitting vector (1) in an order consisting of a target sequence (a), a marker gene sequence and $(C_4A_2)_n$ sequence (x);
preparing a linear chromosome splitting vector (2) in an order consisting of a target sequence (b), a centromere sequence of a yeast chromosome and $(C_4A_2)_n$ sequence (y); and

introducing the chromosome splitting vectors (1) and (2) into a yeast,
wherein n is each independently an integer of 6 to 10.
